

Bharat Taxi Launches Driver App in Chandigarh, Invites Sarathis to Join Zero-Commission Ride Platform

Driver onboarding begins as cooperative mobility network expands across India

Chandigarh, 17 March 2026: Bharat Taxi (Sahakar Taxi Cooperative Limited) has launched its driver app in Chandigarh, opening registrations for local taxi and auto drivers who want to join the platform as it prepares to expand ride services in the city.

The driver app allows Sarathis (taxi, bikes, and auto drivers) to register digitally and become part of the Bharat Taxi network. Driver onboarding has already started, giving local drivers the opportunity to join early and help build the platform before passenger services expand across the city.

Over the past decade, ride-hailing has changed how people travel in Indian cities. While booking a ride has become easier with smartphones and digital payments, many drivers still struggle with high commissions and unclear earning structures.

“Urban mobility in India has grown rapidly over the past decade, but the economic model behind ride-hailing has remained difficult for many drivers. High commissions and opaque earning structures often leave Sarathis with a shrinking share of the value they create,” said Sh. Vivek Pandey, COO, Bharat Taxi.

Bharat Taxi aims to address this challenge through a zero-commission model, allowing drivers to keep the full fare they earn from each ride. Sarathis who join the platform are also part of a cooperative ecosystem, where drivers participate in the platform rather than simply working through it.

Bharat Taxi is already operational in Delhi NCR, with recent launches in Rajkot and Ahmedabad in Gujarat. The Chandigarh rollout marks another step in expanding a driver-owned mobility network across India.

The driver app offers simple onboarding, transparent fares, and real-time earnings visibility, making it easier for Sarathis to join and operate on the platform.

As more drivers come onboard in Chandigarh, Bharat Taxi plans to gradually expand passenger ride services across the city.

About Bharat Taxi

Bharat Taxi (Sahakar Taxi Cooperative Limited) is a multi-state cooperative society of Sarathis built on the principles of fair earnings, shared ownership, and dignified livelihoods for drivers.

The platform is supported by leading national cooperative institutions including NCDC, IFFCO, GCMMF (Amul), KRIBHCO, NAFED, NABARD, NDDB, and NCEL.

Inspired by the vision of “Sahakar se Samridhi” shared prosperity through cooperation, Bharat Taxi aims to build a mobility system where drivers are not just service providers but partners in the platform they power.
